family talk

In your kid's eyes,

you still have
all the answers.

Jennifer
daughter of Sam
Anheuser-Busch employee

Just talk with your kids.

In fact, a recent GfK Roper Youth Report™ found that 74 percent* of children, ages 8 through 17, say they are most influenced by their parents about important decisions, such as whether or not to drink. So talk now. They'll listen. For a free parent guide about preventing underage drinking, call 1-800-359-TALK or visit familytalkonline.com.
