

Models

Chattanooga has a proud heritage of citizens dedicating time and talents to charities and non-profit organizations committed to the health and enrichment of our community.

As a tribute to their passion for serving others, we present six ladies who will host upcoming philanthropic events. They are modeling special event fashions provided by some of the finest local clothiers and photographed at the Hunter Museum of American Art.

Jeresa Dinger is the Director of Marketing and Planning for Siskin Hospital for Physical Rehabilitation. She is wearing a Maria Bianca Nero dress featuring a silver satin wrap-style bodice provided by Susanna*s, and "Lillian" black suede peep-toe pumps by Andre Assous from Embellish.
